## Honors & Awards

### Teen Tech San Francisco (1st Place) - Teen Tech San Francisco

Oct 2019

First place at Teen Tech SF 2019 Hackathon. We created a Service for students at school to alert everyone in their school if a school shooter is seen or any other suspicious threat.

### Atoms and Bits (Second Place) - Atoms and Bits

Nov 2019

2nd place at Atoms and Bits hackathon. We created a project called ParCar which helped with reserving parking spaces. We won Fit Bits.

### **Global Youth Summit**

Dec 2019

We pitched our project to an audience and were live streamed to Teen Tech audiences around the world.

### **SRC Hacks(Best App) - SRC Hacks**

Feb 2020

At SRC hacks we won the award best App. We created a service for any company to hire regular people to deliver their products

### **LA Hacks (Honorable Mention) - UCLA**

Mar 2020

At LA Hacks, we created a social media service for developers to pitch their idea and find members to collaborate with.

### **Crypto Hacks (1st Place) - Crypto Hacks**

Feb 2020

At Crypto Hacks we created an app to allow someone to host an event to gain members who can get community service hours.

## **Skills**

Web Development • Flutter • HTML5 • JavaScript • Bootstrap • Cascading Style Sheets (CSS) • jQuery • Python (Programming Language) • Learn New Software Quickly • Oboe
